Schmitt Woodland Hills House Calls

HOUSE CALLS

*Offering the independence people want with
the security of assistance when needed.*

House Calls is a solution for seniors who wish to continue in their own home and could use some assistance. From meal preparation to overnight respite care, House Calls includes a multitude of services which allow seniors to remain safe and independent in their own residence.

Inviting someone into your home is a personal decision. People trust Schmitt Woodland Hills' years of experience providing services for the older adults in the Richland County area.

House Calls can make life easier and more fulfilling by providing

the freedom seniors want with help when it is needed.

Care to meet your needs

Most people benefit from a little help with things that make sense. There are jobs which ask more of a person than they are worth like cleaning the floors or bathroom. Or making the bed or washing the windows may not seem worth the exhaustion.

And sometimes people wear themselves out getting ready for company.

These are times to call in House Calls. Service may be scheduled hourly, daily or as requested to meet individuals needs and preferences.

Whether a one time occurrence or on a regular basis, House Calls will tailor a program to meet your needs.

An initial assessment at no charge helps determine the specifics and schedule. Additionally, increases or decreases in services may be arranged as circumstances change.

House Calls has a minimum one hour charge. Shifts can range from 1 hour to 24 hour periods by advance arrangement.

We also offer one time or long term services.
